Course Information

Looking for new inspiration in cooking or find cooking a frustrating process? You never seem to have the right ingredients or recipes produce disappointing results.

That's where we come in...

Treat yourself to a relaxing day at Harmony House Cookery School. No intimidating classroom environment here. Join me to cook in my own specially adapted country kitchen. Numbers on our cookery courses are limited to 8 so you can be sure of individual attention and a relaxed fun atmosphere.

Producing tasty quality food need not be difficult and does not need long fancy recipes with bizarre ingredients. Let me share the skills and knowledge I have used to cook for Clarissa Dickson-Wright, Ben Fogle, the Duke of Norfolk, David Frost and many more famous personalities.
